

Learn to skate classes

Recommencing Saturday 18th July 2020

10:00-11:00am at Mt Warren Sports Centre

To all our Learn to Skate participants,

Firstly, we would like to thank you for your patience during the recent COVID period. This has been a challenging time for everyone. Since the announcement by the State Government regarding the transition to Stage 3 restrictions, the Logan City Skate Around committee and Learn to Skate coordinators have been working hard to build a COVID-safe plan for our Learn to Skate classes. This plan has been designed to keep our participants, our instructors and the general public as safe as possible based upon the Stage 3 requirements and recommendations while also trying to ensure we provide options for our Learn to Skate families to re-engage with the program.

Learn to skate classes: Continue to be run from 10:00-11:00am at Mt Warren Sports Centre. They will run as per our pre-COVID format of 5 levels, with a half hour class and a half hour general skate session. Some important adjustments that families need to be aware of our outlined below.

Payment: All payment for learn to skate classes will now be cashless. We have provided multiple options for cashless payment to try and ensure we have catered for all participants. We continue to offer payment for weeks attended only (meaning classes are only deducted from your pass when your skater attends), however there are some small adjustments.

Paypal	Paypal is available for purchasing our Multi-class passes (5 class and 10 class passes). This should be paid in advance of attendance and we request that when payment is made, a reference of the skater's full name should be made against the payment. If this is not recorded, we may ask for proof of payment. *Please note: multi-class passes are allocated a single skater and cannot be shared across multiple participants.	
	Link for paypal payments is: paypal.me/L2SLCSA	
	5 class pass (Paypal)	\$40
	10 class pass (Paypal)	\$72 (10 th class is free)
Paywave (Square)	Square is available for purchasing single class or multi class (5 class or 10 class passes). This is able to be purchased at the door' using your card. (2% surcharge for Square purchases is included in prices outlined below). *Please note: multi-class passes are allocated a single skater and cannot be shared across multiple participants.	
	1 class pass (Square)	\$8.16
	5 class pass (Square)	\$40.80

	10 class pass (Square)	\$73.44 (10 th class is free)
--	------------------------	--

- Please note: if you have a 10 class pass purchased prior to COVID, this will continue to be honoured until credit is complete.
- Please note: LCSA continues to be a FairPlay registered provider. Payment for classes via this grant is still able to occur. Any families with credit remaining from a previous FairPlay voucher are able to utilise their remaining credit.
- Memberships from July onwards will be able to be paid through either the Paypal or Paywave (2% surcharge) payment options.

Sign in: As per State Government requirements, the Mount Warren venue requires every person on site (including spectators) to have their details recorded. This is done through a QR code (on your smart phone) at the entry to the venue. It is a simple process requiring a single scan/sign-in per family at entry, and then a scan/sign-out on exit. If you do not have a suitable smartphone, you will need to register manually with the Mount Warren Centre staff prior to coming to the LCSA Learn to Skate registration desk.

Logan City Skate Around will continue to record attendance of skaters on the floor as per protocols used previously.

Numbers management: Although the numbers permitted in the venue will not restrict our ability to provide the learn to skate service to our participants, we do ask that, where possible, you restrict the number of non-skating attendees. Our preference would be 1 parent per family whenever possible. This will assist the volunteer-run club to be able to manage the social distancing requirements more easily.

Contact: Although contact is permitted 'in the field of play', we would prefer, where possible, that a family member (off-skates) assists the skater where support for balance is required (e.g. learn to skate level 0 and/1). For our higher-level skaters, this degree of continual contact is not typically required. We ask that you assist with this to assist our effort to reduce contact between our instructors and our participants wherever possible.

We will ask that participants maintain 1.5m wherever possible within the class (e.g. when standing still for instruction) and request that spectators maintain 1.5m social distancing at all times.

Hygiene management: Our rental skates and all our tools will continue to be disinfected as per pre-COVID protocols. We will also complete a disinfection spray prior to handing out the skates.

Hand sanitiser is available on site, and an additional dispenser will be at the LCSA front desk.

Please note: the water bubbler is currently not available, so please ensure you bring your own drink.

Other notes: We ask that you assist in our efforts to ensure a safe and compliant Learn to Skate program. In addition to the protocols outlined above, we request that if you are unwell in anyway that you do not attend classes. If symptoms are noted by an instructor/LCSA personnel, you can be asked to leave the class/venue.

If you have any questions or concerns regarding our Learn to Skate COVID plan or our classes in general, please contact Anita via email logancityskatearound@gmail.com or 0402 470 175 or in messenger via our Facebook page (www.facebook.com/logancityskatearound)

We hope to see you all back at our classes soon. We have missed you 😊
